Online MCA Entrance Exam- Tables

Table: **payment**

Primary key: pid

Field	Type	Constraint	Description
pid	int	**Primary key, auto increment**	Payment id
amount	float	Not null	amount

Table: **Nationality**

Primary key: nid

Field	Type	Constraint	Description
nid	int	**Primary key, auto increment**	Nationality id
nationality	varchar	Not null	nationality

Table: **center**

Primary key: cid

Field	Type	Constraint	Description
cid	int	**Primary key, auto increment**	center id
cname	varchar	Not null	Center name

Table: **Catogory**

Primary key: ct_id

Field	Type	Constraint	Description
ct_id	int	**Primary key, auto increment**	catogory id
ct_name	varchar	Not null	Catogory name

Field	Type	Constraint	Description
sid	int	**Primary key, auto increment**	Student id

name	varchar	Not null	Student name
email	varchar	Not null	Email id
mob	varchar	Not null	mobileno
uname	varchar	Not null	username
pwd	varchar	Not null	password
cpwd	varchar	Not null	Confirm password

Table :Register

Primary key:sid

Table: **teachers**

Primary key: tid

Field	Type	Constraint	Description
tid	int	**Primary key, auto increment**	Teacher id
subject	varchar	Not null	subject
mob	varchar	Not null	Moble no
college	varchar	Not null	College name

Table: **Question**

Primary key: qid

Foreign key :ct_id

Field	Type	Constraint	Description
qid	int	**Primary key, auto increment**	questionid
ct_id	int	**Foreign key**	Category id
question	varchar	Not null	question
O1	varchar	Not null	Option1
O2	varchar	Not null	Option2
O3	varchar	Not null	Option3
O4	varchar	Not null	Option4
answer	varchar	Not null	answer

Table: **student**

Primary key:sid

Field	Type	Constraint	Description
sid	int	Primary key	Student id
university	varchar	Not null	university
yop	varchar	Not null	Year of pass
center	varchar	Not null	Exam center
nationality	varchar	Not null	Nationality

Field	Type	Constraint	Description
lid	int	**Primary key, auto increment**	Login id
uname	varchar	Not null	Username
pass	varchar	Not null	Password
status	varchar	Not null	Status
roll	varchar	Not null	roll

Table :login

Primary key: lid

Table : **role**

Primary key: rid

Field	Type	constraint	Description
rid	int	**Primary key, auto incremet**	Role id
rname	varchar	Not null	Role name
